Skilled in Hot Tub sales, Purchasing, Removal, Relocation and Servicing.

## Sales

With a wide range of pre-owned hot tubs available to choose from, we can work with you to supply you with something that fits your requirements and budget. If buying new is your preference, we can use our network to provide something to suit

## Purchasing/Removal

If we can offer you some money for your hot tub, we will. Or if you just want it gone to help complete a sale of your property or make space for repurposing the space we will try to help.

We also have our Hot-Tub-Trader website, should you prefer to sell privately, where for a small fee you can list your Hot Tub to try to help attract more buyers.

## Relocation

Moving home and taking your tub with you, or sold privately and realised logistics are not that simple? Check with us if we can help

**Purchasing** your hot tub - Whether you're looking to buy your first tub, or replace or upgrade an existing one, this doesn't have to be as expensive as you may have first thought.

Buying new will have some benefits, and we can help if that is what you would like, but at Mega Spa UK we are able to give you a choice of New or Pre-Owned hot Tubs to choose from and you will be pleasantly surprised at how much more for your money you can achieve by choosing to buy Pre-Owned.

Not unlike cars, the value of a new Hot Tub drops dramatically from the moment it leaves the Showroom, and as such, as a buyer you are in a great position to take advantage of choosing a higher end hot tub for the fraction of the cost of a new one. Backed up with the knowledge that your Pre-Owned hot tub has been tested prior to delivery and comes with an initial warranty that can be upgraded to include a service plan and extended warranty, which would still make it significantly cheaper than buying new.

Contact us to discuss your requirements or visit the megaspa.uk website to see just some of the tubs available to you.

**Selling** your Hot Tub can be an extremely difficult and stressful experience. As can having it removed or finding someone to pay to take it away.

At Mega Spa, we have years of experience in the Pre-Owned market and will always do our best to assist you, whether you choose to use our services or not.
